

## An Example Presentation

Ron Weasley

Harry Potter

Hermiony Granger

1st May 2019

We first explore what a Muggle is

## Definition (Muggle)

A person without Magic

## Example (Muggle)

The prime minister

## Definition (Wizards)

People with Magic

## Definition (Wizards)

People with Magic

## Theorem

*No Muggle knows about the magical world*

# Algorithm

For the capture of Magical criminals

```
Call Aurors  
while not(here):  
    hide
```

The following rules apply to all witches and wizards:

- ▶ Don't eat Muggles
- ▶ Don't kill Muggles

## Results

- ▶ There are wizards
- ▶ There are Muggels

## Results

- ▶ There are wizards
- ▶ There are Muggels
- ▶ Don't get them confused.
